

## CENTRIFY DATASHEET

# Centrify Suite Jump Start Professional Service

## What is the Centrify Suite Jump Start Professional Service?

This package deploys Centrify Suite Standard Edition on up to 50 UNIX systems and enables ongoing deployment and operations.

### Benefits

- Achieve 50% faster deployment on up to 50 systems in under three weeks
- The design will be consistent with best practices and experiences of other customers
- A consistent, supportable implementation based on your existing business practices
- Role-based training assists in integrating Centrify Suite Standard Edition with existing practices
- Reduced operational maintenance

### Deliverables

At the completion of the service, you will receive the following:

- Training on the Centrify Suite Standard Edition, plus two online training seats
- A customized Design document for Centrify Suite Standard Edition in your environment
- Up to 50 UNIX systems and their users and groups are migrated to Centrify Suite Standard Edition
- Software to help deploy Centrify Suite Standard Edition and migrate users and groups

### Duration

3 weeks onsite at customer facility

### Who Should Attend

UNIX, Windows, Security and System Administrators. If a project manager or business representative is assigned to the project, they should attend.

### Prerequisites

- Installation of Centrify Deployment Manager in customer's environment and completion through step 3 in the 'Analyze your Environment' section of the Deployment Manager documentation.
- All issues identified during Step 3 resolved prior to onsite services  
**Note: Must be completed for 50 target systems and log results sent to Centrify two weeks before services arrives onsite.**
- Customer personnel will require root or equivalent access for all systems in scope of deployment
- If outages/change control are required then these must be scheduled in advance
- Approval to create Organizational Unit for storage of UNIX data prior to Centrify arriving onsite.

**Note: All UNIX groups and servers, Provisioning Groups, Service Accounts, Role Groups, Licenses, Zone Administration and Groups will be stored under a single Organizational Unit.**

- Completion of the pre-design questionnaire.
- A signed Statement of Work.

## Format

Daily interdisciplinary design sessions held at the customer's location, access to white boards and a lab environment for collaborative and interactive sessions. See Daily Overview for details.

## Logistics

This package is delivered onsite only. The project room should be equipped with a LCD projector and a whiteboard with dry-erase markers, and a printer should be available. Customer participants will require direct network access.

## Pricing and Ordering

\$44,000 (includes all travel and expenses – minimum 3 week notice required for scheduling, only applicable in North America). This offering is invoiced on purchase and is valid for 6 months from the date of purchase. Contact your Centrify Sales representative to arrange for a time, place, and schedule. Or email us at [training@centrify.com](mailto:training@centrify.com).

## Daily Overview

Day	Description
1-3	<p>Centrify Professional Services conducts our 3-day training for Centrify Suite Standard Edition including topics covering:</p> <ul style="list-style-type: none"> <li>- Installation, Setup and Configuration of Centrify Suite</li> <li>- Troubleshooting and remediation of deployment issues</li> <li>- Planning and creating Zones</li> <li>- Importing users and Groups into Zones</li> <li>- Roles Groups, Role Overrides and Provisioning Groups</li> <li>- Adding new user and group profiles</li> <li>- Mapping and migrating UNIX Service accounts in Active Directory</li> <li>- Removing legacy data</li> </ul> <p>For more information see the <a href="http://www.centrify.com/downloads/public/Onsite_Training_Data_Sheet_Centrify_Suite_Standard_Edition.pdf">Centrify Suite Standard Edition Onsite Training Data Sheet</a>  <a href="http://www.centrify.com/downloads/public/Onsite_Training_Data_Sheet_Centrify_Suite_Standard_Edition.pdf">http://www.centrify.com/downloads/public/Onsite_Training_Data_Sheet_Centrify_Suite_Standard_Edition.pdf</a></p>

## Daily Overview (cont.)

Day	Description
4	<p>Centrify Professional Services begins our 7-day Centrify Standard Suite Design Service with activities covering the following areas:</p> <ul style="list-style-type: none"> <li>- Completion of Design questionnaire and review of project objects</li> <li>- Design review and Active Directory storage structure decisions</li> <li>- Compare in-scope UNIX users to Active Directory users</li> <li>- Zone design discussion to determine Parent and Child Zone configuration</li> <li>- Roles, Rights discussion for personnel and Computer Roles</li> <li>- Planning for Centrify Suite Standard Edition deployment and on-going configuration management of UNIX Group policies</li> <li>- Review of final design document draft with cross functional team</li> </ul> <p>For more information see the <a href="http://www.centrify.com/downloads/public/design_data_sheet_centrify_suite_standard.pdf">Centrify Standard Suite Design Service Data Sheet</a></p> <p><a href="http://www.centrify.com/downloads/public/design_data_sheet_centrify_suite_standard.pdf">http://www.centrify.com/downloads/public/design_data_sheet_centrify_suite_standard.pdf</a></p>
5-10	<p>Centrify Professional Services begins Centrify Suite Standard Edition deployment and continues with design activities including:</p> <ul style="list-style-type: none"> <li>- Centrify Suite Standard Edition is installed (via Deployment Manager) on all in-scope deployment targets.</li> </ul> <p><b>Note: Centrify Suite Standard Edition is not started, and users and groups are not migrated.</b></p> <ul style="list-style-type: none"> <li>- One week soak period begins</li> <li>- Design activities continue for the customer environment</li> </ul>
11	<p>Active Directory Setup.</p> <p>Key topics:</p> <ul style="list-style-type: none"> <li>- All Active Directory organizational units related to storing UNIX data in Active Directory are created</li> <li>- Active Directory Groups for managing the DirectControl environment are created</li> <li>- Delegations are established to enable UNIX personnel to manage DirectControl in Active Directory</li> <li>- All final Zones are built via a set of scripts</li> <li>- A long-term UID/GID management Zone is established and all UNIX users are granted profiles in this new Zone</li> </ul>

## Daily Overview (cont.)

Day	Description
12-14	<p>User and group migration.</p> <p>Key topics:</p> <ul style="list-style-type: none"> <li>- Users and groups are migrated from local files to Active Directory; however, the local accounts are not removed, therefore allowing for a rollback strategy.</li> <li>- UNIX computers are joined to Active Directory during established change windows (if required) and rebooted as required</li> <li>- Daily status reports keep customer management aware of project progress and status</li> </ul>
15	<p>Role-specific training.</p> <p>Key topics:</p> <ul style="list-style-type: none"> <li>- Role-specific training is provided for UNIX user provisioning personnel</li> <li>- The remaining UNIX machines are joined to Active Directory and users and groups are migrated</li> <li>- Final status report to management</li> </ul>

### About Centrify

Centrify delivers integrated software and cloud-based solutions that centrally control, secure and audit access to mobile devices, cross-platform systems and applications by leveraging the infrastructure organizations already own – Microsoft Active Directory.
